LONG DISTANCE INFORMATION

Night rates apply from 6:00 P. M. to 4:30 A. M. and all day Sunday.

Federal tax on all calls is 10% of the total charge.

There are two general classes of out-of-town (Long Distance) calls: namely Person-to-Person, and Station-to-Station.

A Person-to-Person call is one made to a particular person, for example: to Mr. John Doe, or the Shop Foreman, etc.

A Station-to-Station call is one made to a telephone number, residence, business, etc., for example: to telephone number 0000, Any Town, U. S. A., or to Mr. John Doe's residence, Any Town, U. S. A., or to John Doe & Co., etc.

The rate on a Station-to-Station Call is less than the rate on a Person-to-Person Call.

To Place a Station-to-Station Call:

Call the Long Distance Operator. Give the Operator the name of the City you are calling, the telephone number, the name of the residence, or the name of the business. Then give the Operator your name and number when she requests same.

To Place a Person-to-Person Call:

Call the Long Distance Operator. Give the Operator the name of the City and the name of the person you are calling. Then give the Operator your name and number when she requests same.

Charges are quoted for the initial period, overtime and Federal Taxes. Further information may be obtained by calling the Long Distance Operator.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. Telephone equipment and facilities ore furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
2. No equipment owned by, or furnished by, the Telephone Company shall be moved, changed, repaired, or removed except by on authorized representative of the Telephone Company, who shall have the right to enter the subscriber's premises for the installations, change, repair, or the removol of ony and all equipment owned by the Telephone Company on these premises without trespassing or liability in ony form.
3. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparotus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonoble hour.
4. No liability shall attoch to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apporotus, and ossociated wiring on such premises, or by the removal thereof, when such defacement or damage is not the result of negligence on the part of the Company or its employees.
5. The Telephone Company shall not be lioble for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
6. When suitable arrangements con be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In estoblishing connections with the lines of other Companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
7. The Telephone Company will not transmit messages, but offers the use of its facilities when ovailable, and will not be lioble for errors in transmission or for foilure to estoblish connections. Employees of the Telephone Company ore forbidden to occept either oral or written messages to be transmitted over the lines of the Company.
8. In order to render and maintain satisfoctory telephone service, it is necessary for the Telephone Company to own and maintain oll equipment and attachments which are in any way connected with or attached to the telephone system. No line, instrument, equipment, or attochments of ony nature that is not owned, or supplied, by the Telephone Company may be in any woy connected with or attached to the telephone line, equipment, or system. The Telephone Company reserves the right to remove all such instruments, opparotus, or advertising and to suspend, or disconnect service without any cloim on the part of the subscriber.
9. The subscriber has no property right in the telephone number or any right to continuonce of service through any certain central office, and the telephone company moy chonge the telephone number or the central office designotion whenever it deems it desiroble in the conduct of its business.
10. When porty line service is furnished, the telephone company moy, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the cose of two-porty line service, and other subscribers in the case of multi-party line service. The Telephone Company reserves the right to cancel any two-porty line or multi-party line controct, upon thirty doys' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other couses as to interfere with the reasonoble use of others connected with the same line.
11. All ordinory expense of maintenonce and repairs, unless otherwise specified in the Generol Exchange Tariff or the Locol Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each telephone instrument or piece of apparatus injured or destroyed otherwise thon by unavoidable accident.
12. The Telephone Company's obligotion to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenonce of the necessory circuits.
13. The subscriber sholl pay monthly in advance, or on demond, all charges for exchange service and equipment, and shall pay on demond oll chorges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating ot the subscriber's station, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person colled.
14. In the event of the abandonment of the station, the nonpayment of any sum due, toll or other services, the use of foul or profane languoge, the impersonation of ony other person, listening in on a party-line conversotion, or any violation of the Company's regulotions by the subscriber the Company may, without notice, either:
    (a) Suspend service until all violations have ceased, or
    (b) Terminote the subscriber's controct without suspension of service, or
    (c) Following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises.
15. Should service be suspended for non-payment of charges, restoration of service will be made only as prescribed under "Restorotion of Service."
16. When instruments hove been removed for nonpoyment, the contract is considered to hove been terminated. Reinstallotion of service may be mode only upon the execution of a new contract.
17. In view of the possibility of errors and difficulties in the transmission of messoges by telephone ond the impossibility of fixing in all coses the causes thereof, the subscriber ossumes all risks connected with the service, os the Telephone Company cannot guorantee uninterrupted working of its lines and instruments.
18. The Telephone Compony assumes no liability in any form for errors, omissions, delivery, etc., which may occur in connection with the telephone directory.
19. No odditional cover, binder, holder, etc., except as supplied by the Telephone Company shall be used in connection with any telephone directory. The telephone directory sholl remoin the property of the Telephone Company at all times.
20. Stationery, Cards, Signs, and other printing including telephone numbers should be in limited quontities, as due to growth, equipment change, etc., the Telephone Compony may find it necessary to change telephone numbers.

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

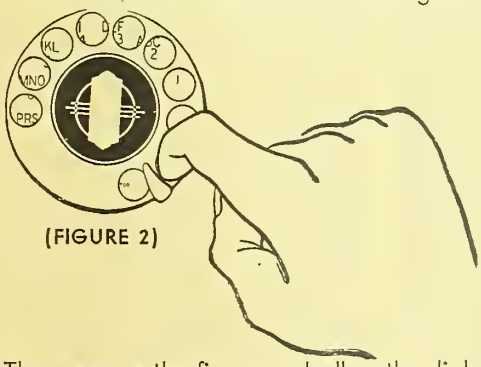
until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

TO DIAL A NUMBER

Remove the receiver, listen for Dial Tone and then place the Index Finger in the Dial Opening over the number to be dialed as shown in figure 1, below.

(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

Then remove the finger and allow the dial to return to its normal position without hastening or retarding. Repeat the above operation until the entire number wanted has been dialed.

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO DIAL CHINA GROVE-LANDIS NUMBERS FROM KANNAPOLIS. Dial "9" and the Exchange letters and telephone numbers as listed in the China Grove-Landis Directory.

TO DIAL A KANNAPOLIS NUMBER FROM THE CHINA GROVE-LANDIS EXCHANGE. Dial "93" and the complete telephone number as it is listed in the Kannapolis Directory.

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

To Dial a Party on the same Party Line. (Two (2) methods are used in the Kannapolis Exchange. Please use the method applicable to your line.)

Kannapolis subscribers who receive a "Party Line Card" will dial the "code number" as listed on the card. Do not Dial the number listed in the Telephone Directory. When the "code number" is dialed, replace the telephone in the cradle. Your telephone bell, and the bell of the called party, will ring until the call is answered. If the call is not answered, lift your telephone from the cradle momentarily, then replace it. This will disconnect the call, stop the ringing and make the line ready for another call.

If in doubt, Dial "0" for assistance.

Kannapolis subscribers who **Do Not** receive a "Party Line Card" will determine who is on the same party line as follows: Refer to the telephone directory and if all digits in the number, excepting the last digit, is the same as your own, the party so identified is on your line. For example: Number 2-3456 would be on the same line with number 2-3457. To dial a Party on your line, Dial "19" and the last digit in your number and the last digit in the number called, and replace the telephone in the cradle. Your telephone bell, and the bell of the called party, will ring until the call is answered. If the call is not answered, lift your telephone from the cradle momentarily, then replace it. This will disconnect the call, stop the ringing and make the line ready for another call.

If in doubt, Dial "0" for assistance.

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

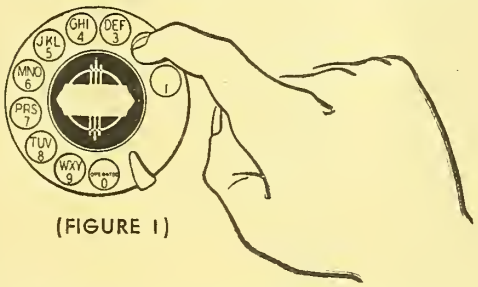
THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

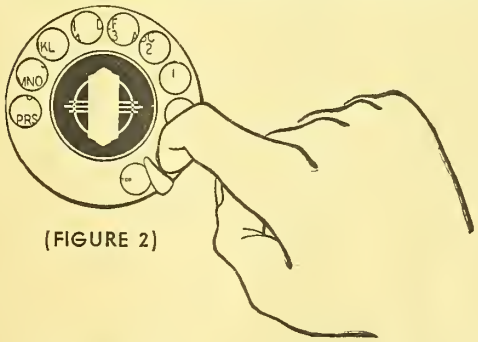
TO DIAL A NUMBER

SUPPOSE the number to be called is UL 7-1234. PROCEED as follows: LEAVE THE RECEIVER OFF THE HOOK and place the INDEX FINGER in the opening in the DIAL over "U."



(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

THEN REMOVE THE FINGER and ALLOW THE DIAL TO RETURN to its NORMAL POSITION without HASTENING OR RETARDING same. Next pull the "L" and then the "7" and the "1" and then the "2" and then the "3" and then the "4."

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO DIAL CHINA GROVE-LANDIS NUMBERS FROM KANNAPOLIS

Dial "9" and the Exchange letters and telephone numbers as listed in the China Grove-Landis Directory.

TO DIAL A KANNAPOLIS NUMBER FROM THE CHINA GROVE-LANDIS EXCHANGE

Dial "93" and the complete telephone number as it is listed in the Kannapolis Directory.

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

To Dial a Party on the same Party Line.

Do not Dial the number as listed in the Directory, but refer to the "Party Line Card" on which the names of all Parties on your Party Line are listed and each party has a "code number." Dial only the "code number" as listed, then replace your telephone in the cradle. Your telephone bell, and the bell of the called party, will ring until the call is answered. If the call is not answered lift the telephone from the cradle momentarily, then replace it. This will disconnect the call, stop ringing and make the line ready for another call.

To Call

Long Distance—Dial "0"
Operator Assistance—Dial "0"
Repair Service—Dial "14"
Information—Dial "13"
Kannapolis numbers—Dial "93" and the Directory Number.

For the telephone number or address of the nearest Federal Bureau of Investigation Office, Dial "0," ask for Charlotte, EDison 3-4126.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
2. No equipment owned by, or furnished by, the Telephone Company shall be moved, changed, repaired, or removed except by an authorized representative of the Telephone Company, who shall have the right to enter the subscriber's premises for the installations, change, repair, or the removal of any and all equipment owned by the Telephone Company on these premises without trespassing or liability in any form.
3. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
4. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof, when such defacement or damage is not the result of negligence on the part of the Company or its employees.
5. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
6. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other Companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
7. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
8. In order to render and maintain satisfactory telephone service, it is necessary for the Telephone Company to own and maintain all equipment and attachments which are in any way connected with or attached to the telephone system. No line, instrument, equipment, or attachments of any nature that is not owned, or supplied, by the Telephone Company may be in any way connected with or attached to the telephone line, equipment, or system. The Telephone Company reserves the right to remove all such instruments, apparatus, or advertising and to suspend, or disconnect service without any claim on the part of the subscriber.
9. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the telephone company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
10. When party line service is furnished, the telephone company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, and other subscribers in the case of multi-party line service. The Telephone Company reserves the right to cancel any two-party line or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.
11. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each telephone instrument or piece of apparatus injured or destroyed otherwise than by unavoidable accident.
12. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
13. The subscriber shall pay monthly in advance, or on demand, all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's station, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.
14. In the event of the abandonment of the station, the nonpayment of any sum due, toll or other services, the use of foul or profane language, the impersonation of any other person, listening in on a party-line conversation, or any violation of the Company's regulations by the subscriber the Company may, without notice, either:
    (a) Suspend service until all violations have ceased, or
    (b) Terminate the subscriber's contract without suspension of service, or
    (c) Following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises.
15. Should service be suspended for non-payment of charges, restoration of service will be made only as prescribed under "Restoration of Service."
16. When instruments have been removed for nonpayment, the contract is considered to have been terminated. Reinstallation of service may be made only upon the execution of a new contract.
17. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments.
18. The Telephone Company assumes no liability in any form for errors, omissions, delivery, etc., which may occur in connection with the telephone directory.
19. No additional cover, binder, holder, etc., except as supplied by the Telephone Company shall be used in connection with any telephone directory. The telephone directory shall remain the property of the Telephone Company at all times.
20. Stationery, Cards, Signs, and other printing including telephone numbers should be in limited quantities, as due to growth, equipment change, etc., the Telephone Company may find it necessary to change telephone numbers.

Concord, N. C.

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

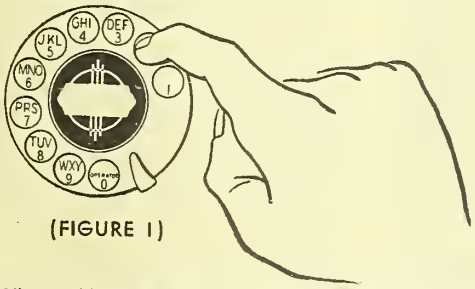
THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

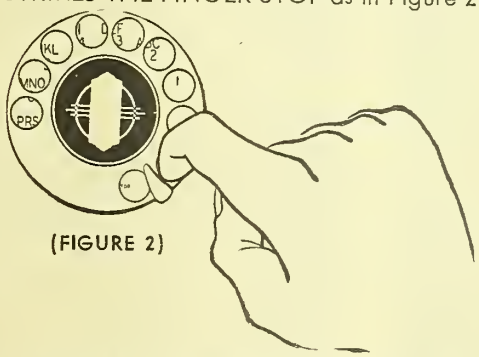
TO DIAL A NUMBER

SUPPOSE the number to be called is ST 2-1234. PROCEED as follows: LEAVE THE RECEIVER OFF THE HOOK and place the INDEX FINGER in the opening in the DIAL over "S."



(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

Then REMOVE THE FINGER and ALLOW THE DIAL TO RETURN to its NORMAL POSITION without HASTENING OR RETARDING same. Next pull the "T" and the "2" and the "1" and then the "2" and then the "3" and then the "4."

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

TO CALL PARTY ON YOUR PARTY LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "CODE NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "CODE NUMBER" as listed on the card. Then hang up your receiver. Your telephone bell, and the bell at the called telephone, will ring at regular intervals until the called party answers. Your bell will stop ringing when the called party answers. Then remove your receiver and talk in the usual manner. If ringing continues it is evident that the called party does not answer, so remove your receiver and then replace it in order to stop the ringing and to clear the line for further use. When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Card" is misplaced or lost—DIAL 14.

CONCORD NUMBERS

Dial the first two letters of the EXCHANGE NAME (STate) and the five digit number as listed in the Concord section of this directory. For example: ST 2-1234.

HARRISBURG NUMBERS

Dial the number as listed in the Harrisburg section of this directory.

MT. PLEASANT NUMBERS

Dial the number as listed in the Mt. Pleasant section of this directory.

DIRECTORY

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

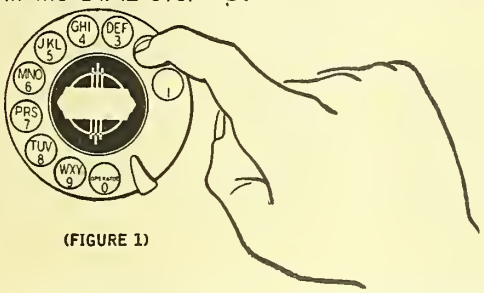
THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

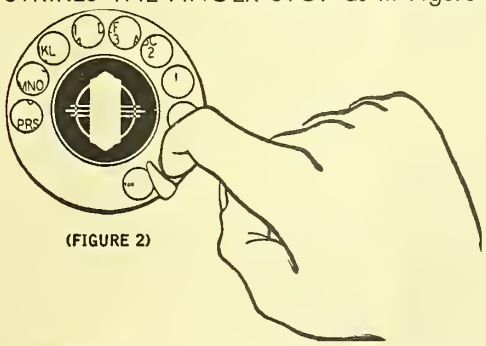
TO DIAL A NUMBER

SUPPOSE the number to be called is GL 5-1234. PROCEED as follows: LEAVE THE RECEIVER OFF THE HOOK and place the INDEX FINGER in the opening in the DIAL over "G."



(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

Then REMOVE THE FINGER and ALLOW THE DIAL TO RETURN to its NORMAL POSITION without HASTENING OR RETARDING same. Next pull the L, then the 5 and then the 1-2-3-4.

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

TO CALL PARTY ON YOUR PARTY LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Then hang up your receiver. Your telephone bell, and the bell at the called telephone, will ring at regular intervals until the called party answers. Your bell will stop ringing when the called party answers. Then remove your receiver and talk in the usual manner. If ringing continues it is evident that the called party does not answer, so remove your receiver and then replace it in order to stop the ringing and to clear the line for further use. When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

IF ASSISTANCE IN DIALING on your party line is required DIAL 114.

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

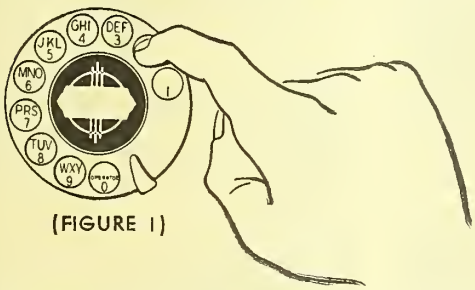
THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

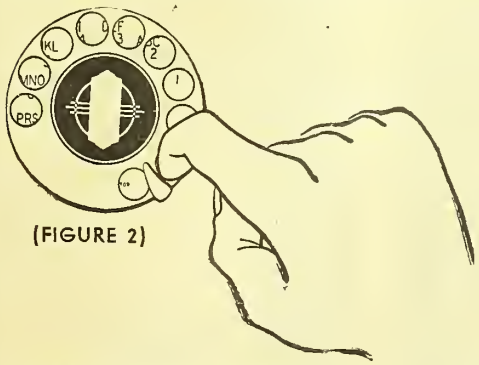
TO DIAL A NUMBER

SUPPOSE the number to be called is HE 6-1234. PROCEED as follows: LEAVE THE RECEIVER OFF THE HOOK and place the INDEX FINGER in the opening in the DIAL over "H"



(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

Then REMOVE THE FINGER and ALLOW THE DIAL TO RETURN to its NORMAL POSITION without HASTENING OR RETARDING same. Next pull the "E" and the "6" and the "1" and then the "2" and then the "3," and then the "4."

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

If the first 3 figures preceeding the last figure in a telephone number are identical to those in your telephone number this number is an the same party line with you.

FOR EXAMPLE: Telephone number HE 6-2081 is on the same line with HE 6-2082, HE 6-2083, etc.

TO DIAL ON YOUR PARTY LINE

TO CALL A TELEPHONE ON YOUR OWN LINE, DO NOT ATTEMPT TO DIAL THE DIRECTORY NUMBER, BUT instead DIAL "8," then the LAST FIGURE OF YOUR NUMBER AND THE LAST FIGURE OF THE PARTY YOU WANT TO CALL. HANG UP YOUR RECEIVER, and the bell of your telephone, as well as the bell of the called station, will ring at short intervals. When the called party takes down the receiver to answer the call, your telephone will cease ringing. You should then take down the receiver and talk with the called party. If the called party does not answer within a reasonable length of time, lift the receiver off the hook for a few seconds and replace it. This stops the ringing and leaves the line free for another connection.

FOR EXAMPLE

SUPPOSE YOUR NUMBER is HE 6-2084 and you want to call number HE 6-2081. DIAL "8," Then the LAST FIGURE IN YOUR OWN telephone NUMBER, and THE LAST FIGURE in the NUMBER YOU WANT to call and hang up the receiver until the bell stops ringing.

CONCORD, NORTH CAROLINA

Concord, county seat of Cabarrus County, is located in the heart of the Piedmont section of North Carolina, almost mid-way between Washington, D. C. and Atlanta, Ga. Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers and was named Concord when the two factions settled a dispute over the location of the County seat. Concord's elevation is 705 feet and the climate is ideal, with few extremes in temperature.

Concord is an industrial community with many large and small industries. Textiles are the major industry, with yarn manufacturing, cloth weaving, and hosiery production being the major products. In addition Concord is a retail trading center, with many department and specialty stores catering to the needs of the community and surrounding area.

Concord is administered by a Board of Alderman and Mayor. It has modern and efficient Fire and Police Departments which are manned and equipped to handle any emergency. A City wide, tax supported recreation programme provides activities and projects year-round for all citizens, with headquarters in a large modern recreation center. This activity operates several public playgrounds as well as two municipally owned swimming pools. The Concord Public Library provides two free libraries for the City as well as book-mobile service for the remainder of the County.

A municipally owned water and light department furnishes electricity and water to the community. Two large artificial lakes are sources of raw water in almost unlimited quantities. A modern filter plant provides water treatment and storage facilities with a maximum daily capacity of 12,000,000 gallons. This department services all domestic and commercial users of light and power in the community. Cabarrus Memorial Hospital is one of the largest and best equipped medical centers in North Carolina. Its approved Nurses Training school and 300 bed capacity provide modern medical care to all residents of the County.

Concord is on the main North-South line of the Southern Railway, and is served by U. S. Highways 29 and 601, as well as several state roads. It is served by a number of truck and bus lines, and is headquarters for several truck line and transfer companies, who maintain extensive depot and service facilities. Concord is served by two local radio stations and three TV channels. It is headquarters of The Concord Telephone Company which serves Cabarrus and several surrounding counties, with modern dial telephone service. Airline passenger and freight service is readily available thru the Charlotte Air Terminal, 27 miles to the south.

Concord's three banks and three building and loan associations have assets in excess of 60 million, and their strength and conservatism is attested by the fact that there has never been a bank failure in Cabarrus County.

Concord is a progressive and growing City. Its good schools, fine churches, many civic clubs and residential developments make it a truly fine community in which to work and live.

CONCORD CHAMBER OF COMMERCE and CONCORD MERCHANTS ASSOCIATION

HARRISBURG, NORTH CAROLINA

Harrisburg is a fast-growing friendly little community of approximately 500 population. Its citizens are cooperative and proud to be a part of a community where there are so many activities that make it an ideal place to live. It is an excellent and beautiful farming area with typical Piedmont North Carolina weather.

Three Churches serve the community and surrounding area. The Harrisburg Presbyterian Church, founded in 1903, is located on Highway 49 in the center of the community. It is a picturesque place of beauty with its towering steeple and is noted for its cordial welcome to all who will worship there.

Just off Highway 49 is the Baptist Church, a church that has grown rapidly and is rendering a spiritual blessing to the community.

Oak Grove Baptist Colored Church serves the colored people of the community.

Harrisburg High School and Grade School has grown from 12 teachers and 12 classrooms in 1926 to 29 teachers. An all modern building and gymnasium is now being completed to make the High School a unit to itself and bring the total number of classrooms to 30. The cafeteria is a beautiful one, very well run, and adequate in size for the community suppers held there.

Harrisburg is fortunate also to have a Dr. in the community, and his wife, who is a trained nurse.

The Volunteer Fire Department, another community project, has been in operation since 1954 and has two modern fire-fighting trucks and a fire station, all debt free.

A new home development is under way with many homes already built and many more being constructed.

Utilities include a dial telephone exchange and adequate power service since 1928.

Other community activities include the Ground Observer Corps with over fifty volunteer members taking their daily turn at watch, that not only shows a spirit of community cooperation but an aid in the defense of our country. An outlook tower for that purpose is now under construction on the same site with the fire station.

MT. PLEASANT, NORTH CAROLINA

Mt. Pleasant is located in the Piedmont section of North Carolina, in Eastern Cabarrus, 9 miles east of Concord and 14 miles west of Albemarle on Highways 49 and 73 and an unnumbered highway direct from Salisbury to Monroe. Four trucking lines and a bus line serve our town.

The town is governed by a Mayor and 5 Commissioners, elected the first Monday in May every two years.

The town's population is 1,200, surrounded by a labor-shed of skilled and semi-skilled available labor, unequalled any other place within the State of North Carolina. It is principally a textile community with two textile mills, one hosiery mill, two lumber plants and the county's largest flour and feed mill is located within the corporate limits. The banking needs are served by Piedmont Bank and Trust Company. The utilities of the town are Concord Telephone Company and Duke Power Company. The town has recently converted to surface water and installed a new, modern filter plant with 350,000 gallons per day which can be stepped up to 500,000 gallons.

The fire department is very modern with four trucks, two which are new, and they are equipped to take care of the rural fire needs.

A very active Lions Club meets the second and fourth Thursday nights at 7:00 P. M. at the Lions Hut. This club sponsors the High School band, Boy Scouts and Cub Scouts, also aids the blind and visually handicapped. The American Legion Post is very active. It sponsors numerous projects, the most outstanding is sending boys to Boy's State at Chapel Hill each year.

A very modern 19 unit motel is located on Highway 49.

Two schools, the consolidated high school and the elementary school, aré located in our town, with a total enrollment of over 1,000. The high school is completing a new unit and a gymnasium which will be in use in the fall of 1957. There is a modern lighted football stadium and baseball field.

Four churches are situated in the town proper: Baptist, Lutheran, Methodist, and Evangelical and Reformed.

We feel that we definitely can offer new industry what it seeks in a new location.

The "Spirit of Service" is a tradition in the telephone business—a powerful force throughout the entire organization. It helps all employees realize how much telephone service means to everyone—how important it is to get every message through quickly. It inspires telephone workers in all kinds of jobs to devote themselves to making service satisfactory and pleasing to you in every way.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women whose judgment and decisions are based on experience with the job.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your Complete Buyers' Guide

The quickest, easiest way to find out "who sells it" or who will do the job is to turn to the Yellow Pages in the back of this directory.

Consult the Yellow Pages to Find Out—

Who sell goods you want to buy.

Who render services you may need.

Who handle "trade-mark" products.

The Yellow Pages list every business and professional telephone. They're a handy meeting place for buyer and dealer.
